STRUCTURE OF THE HIGHER SCHOOL CERTIFICATE

The leaving credential for students who complete Year 12 in a NSW secondary school is known as the Higher

Who receives an ATAR?

While an ATAR is calculated for all ATAR-eligible students, only students who indicate on their HSC entry forms that they wish to be notified of their ATAR receive an from UAC. These students will receive their written Advice Notices within the same timeframe, in a normal year, as they receive their HSC results from NESA.

PROCEDURE FOR STUDENTS DISCONTINUING OR CHANGING SUBJECTS

1.

COURSE COMPLETION

For each course, students must:

Follow the course specified by the NESA.
Apply themselves with diligence and sustained effort to the set tasks and experiences.
Achieve some or all of the course outcomes.
The School is required to certify that students have satisfied these expectations.

ASSESSMENT PLAN

Each student’s achievement in each course will be measured through formal assessment. These assessments will

8-8 (e)-1

2. PROCEDURES FOR INFORMING STUDENTS

All students in Year 11 and 12 will be given an Assessment booklet at the beginning of the HSC

4. FAILURE TO SUBMIT A TASK

If a hand in assessment task is submitted after 9.00am but before 3.30pm on the day it is due the student will lose 20% of the final mark/grade they attain for the task.

If a task is submitted after 3.30pm on the day it is due the student will receive zero for the task.

Computer hardware or software failure is not to be accepted as an excuse for late submission.
Students cannot submit assessments via email unless specifically stated.
When working on assessments students are advised that it is wise to have a backup computer copy of all tasks including backing up

Students should also work to have evidence of work in progress, including but not limited to:

Have evidence of work in progress on a USB memory stick or similar

should print off and keep drafts of a task as evidence in case of computer malfunction

If there is evidence of this, the teacher will negotiate a reasonable time to finish the work and there will be no penalty;

Vocational Education and Training (VET) students have to complete mandatory 35 hours of industry workplace requirements in each year of the Preliminary and HSC courses. It is the student's responsibility to ensure they hand in all assessment tasks for their subjects even if they are on industry work placement.

11. ACHIEVEMENT IN HSC COURSES AND FEEDBACK

HSC VET (Vocational Education & Training)

Course Information

This is a 2 year course. The units within the HSC VET curriculum framework are competency-based. This means that a student's assessment is based on their knowledge, skills, application and attitude. Students must be able to demonstrate that they are competent in performing the task successfully based on set criteria. The assessment does not compare students against each other. Students will be judged as either competent or not yet competent according to set criteria that students are given beforehand. If students are judged as not yet competent, their teacher will let students know how they can improve and negotiate another opportunity for them to demonstrate their competence. Students will be given a maximum of three opportunities to demonstrate competencies not yet achieved.

Students will be informed where an assessment is critical to a competency determination and must
